DETAILED ACTION

Allowable Subject Matter

Claims 30-58 are allowed over the prior art of record.

The amendment filed on January 14, 2005 overcomes the rejection of the claims under 35 U.S.C. § 112, 2nd paragraph, in Paper No. 0704. The rejection of the claims has been withdrawn.

Examiner's Statement of Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

As to claim 1, the prior art of record, taken alone or in combination, fails to disclose or render obvious a method for investigating specimens comprising the steps of measuring the spectral distribution of the spectrally split radiation by individual detection channels of a detector and storing the signals correlated to the detection signals of the detection channels with at least one of the spatial coordinates x, y or z and/or correlated to a measurement time t, in combination with the rest of the limitations of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
